Testez le nouveau système multiplateforme PowerShell https://aka.ms/pscore6

PS C:\Users\poste> Set-ExecutionPolicy RemoteSigned -Scope CurrentUser

Modification de la stratégie d'exécution
La stratégie d'exécution permet de vous prémunir contre les scripts que vous jugez non fiables. En modifiant la
stratégie d'exécution, vous vous exposez aux risques de sécurité décrits dans la rubrique d'aide
about_Execution_Policies à l'adresse https://go.microsoft.com/fwlink/?LinkID=135170. Voulez-vous modifier la stratégie
d'exécution ?

Creating shim for 'symfony'.
'symfony-cli' (5.5.0) was installed successfully!
PS C:\Users\poste>
```

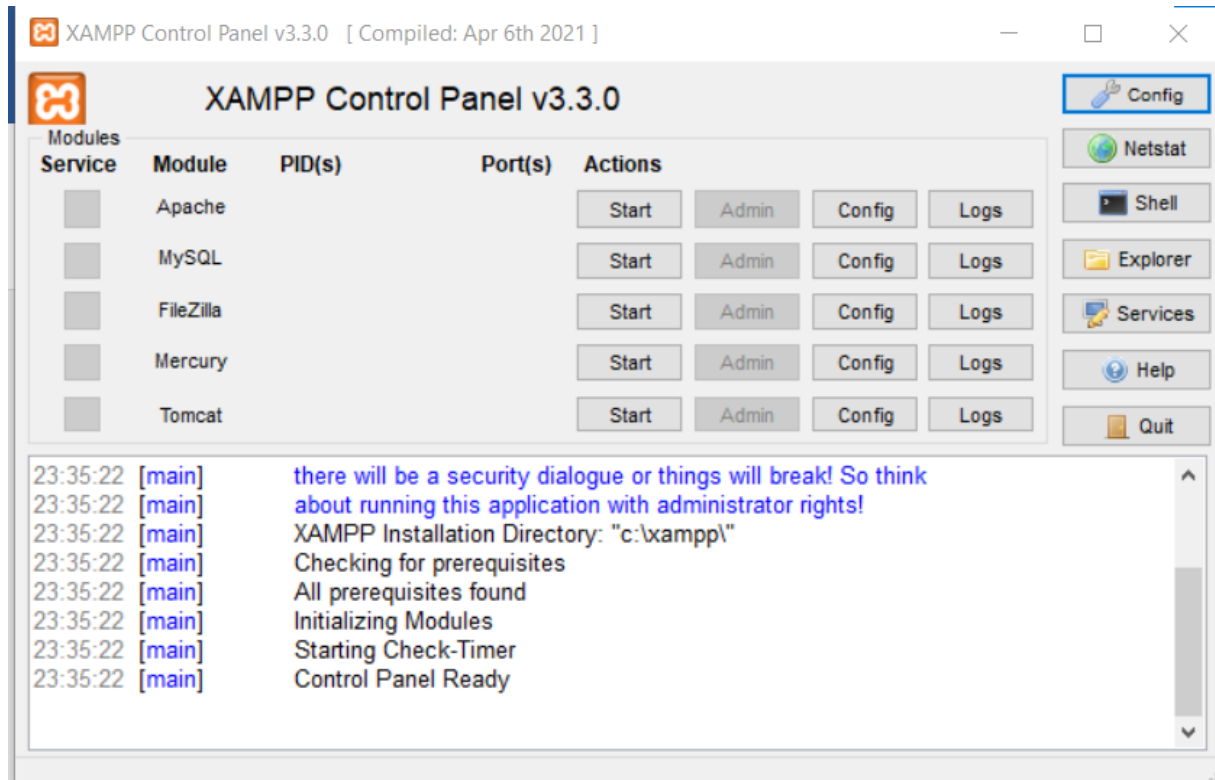

Installation symphony dans powershell avec la commande :

- Scoop install symfony-cli

```
Linking ~\scoop\apps\symfony-cli\current => ~\scoop\apps\symfony-cli\5.5.0
Creating shim for 'symfony'.
'symfony-cli' (5.5.0) was installed successfully!
PS C:\Users\poste> scoop update symfony-cli
symfony-cli: 5.5.0 (latest version)
latest versions for all apps are installed! For more information try 'scoop status'
PS C:\Users\poste>
```

Update de la deriniere version symfony dans powershell avec la commande :

- Scoop update symfony-cli

Installation XAMPP

```
C:\xampp\htdocs\symfony6>symfony new my_Project1 --full --version=6.0
* Creating a new Symfony 6.0 project with Composer

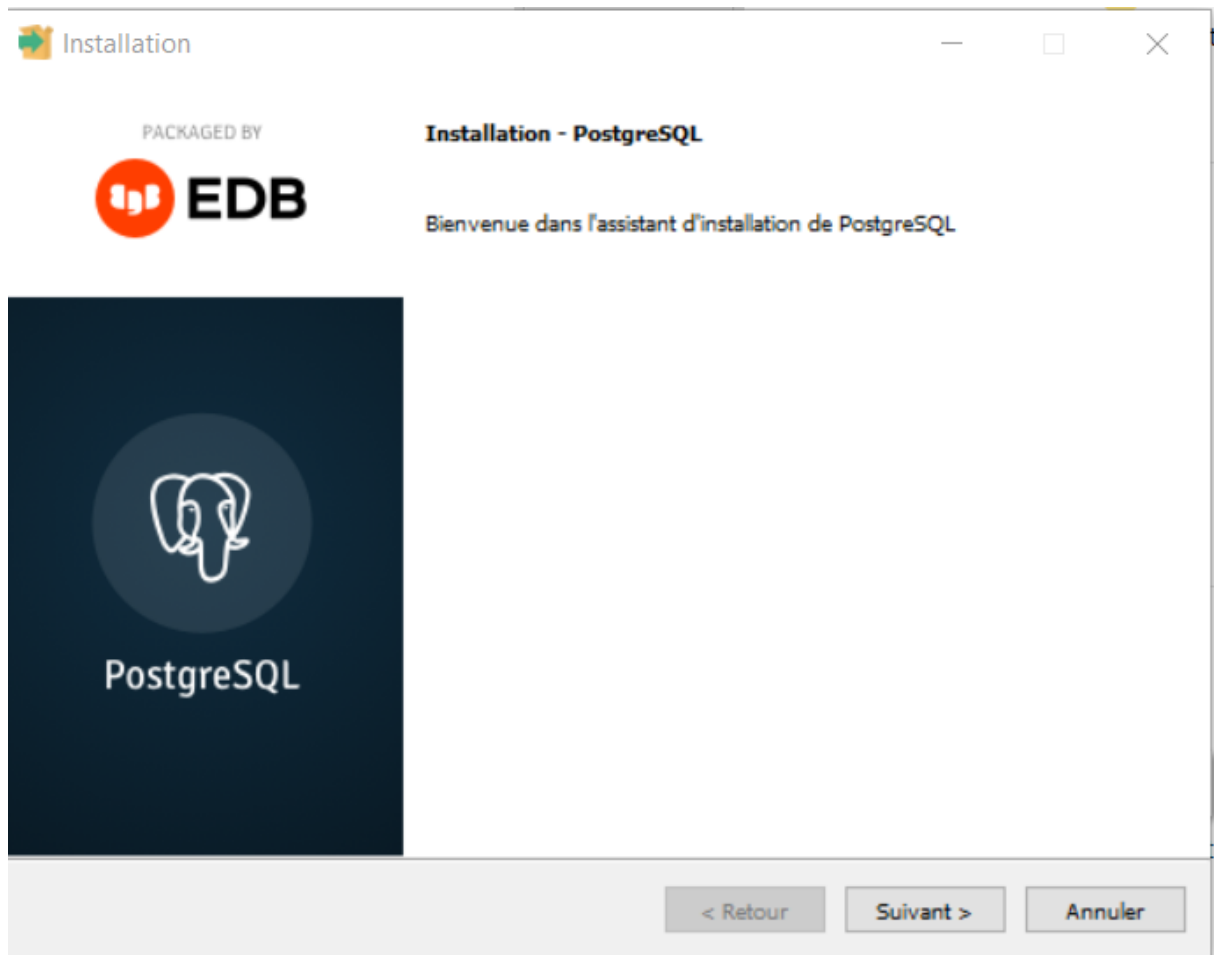

[WARNING] The --full flag is deprecated, use --webapp instead.

(running C:\xampp\composer.phar create-project symfony/website-skeleton C:\xampp\htdocs\symfony6\my_Project1 6.0.* --no-interaction)

Creating a "symfony/website-skeleton" project at "./my_Project1"
Installing symfony/website-skeleton (v6.0.99)
  Failed to download symfony/website-skeleton from dist: The zip extension and unzip/7z commands are both missing, skipping.
The php.ini used by your command-line PHP is: C:\xampp\php\php.ini
Now trying to download from source
  - Syncing symfony/website-skeleton (v6.0.99) into cache
  - Installing symfony/website-skeleton (v6.0.99): Cloning fe680dab30 from cache
Created project in C:\xampp\htdocs\symfony6\my_Project1
